SUBJECT: Breakdown of Costs in Connection with Project [REDACTED]

25X1A2g

4. A further amendment to Project [REDACTED] is required to provide the additional funds. An increase of \$19,177 would provide the necessary amount since \$1,823 is available from funds previously approved. However, if the Project could be increased by the full amount of \$21,000 a contingency fund of \$1,823 would be available in the event that actual expenditures exceed the estimated costs.

25X1A2g

5. It is, therefore, recommended that Project [REDACTED] funds be increased in the amount of \$21,000.
